

Cyborg Industries Pvt Ltd

Empowering Automation, Elevating Industries

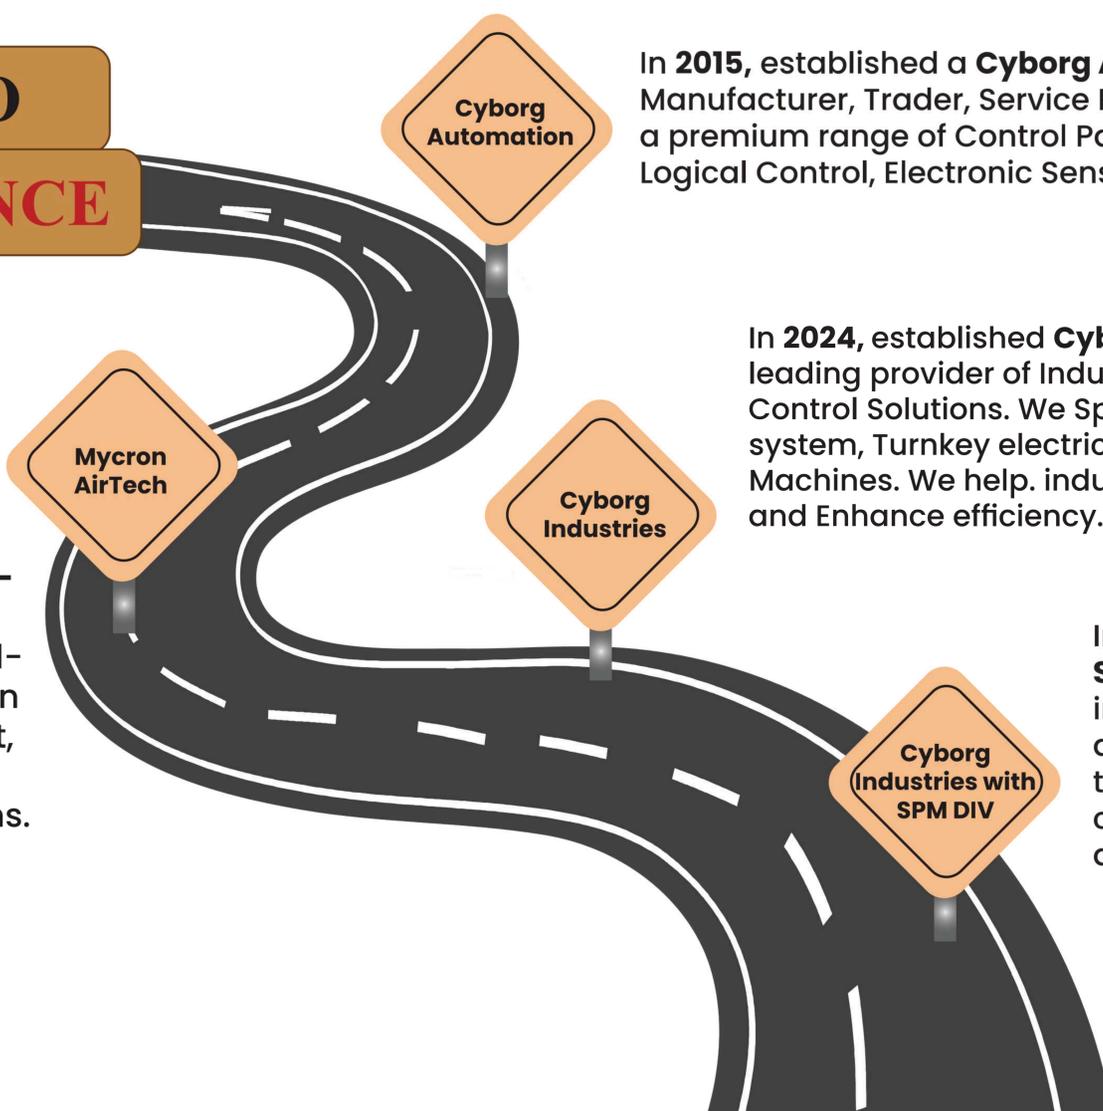

Welcome to Cyborg Industries Pvt. Ltd.

Formerly Cyborg Automation, We Are A Leading Provider Of Industrial Automation And Control Solutions. We Specialize In Plc Control Panels, Scada Systems, Turnkey Electrical Installations, And Special Purpose Machines (SPMs). With A Focus On Precision, Reliability, And Scalability, We Help Industries Automate Processes And Enhance Efficiency. Backed By Expert Teams And A Customer-first Mindset, We Deliver Smart, Tailored Engineering Solutions.

ROAD TO EXCELLENCE

In 2018, established **Mycron AirTech India Private Limited (Part of Cyborg industries)** -leading Manufacturer of Clean room industry Equipment, Sheet Metal process and Powder Dispensing Booths.

Cyborg Automation

In 2015, established a **Cyborg Automation** - leading Manufacturer, Trader, Service Provider and Retailer of a premium range of Control Panel, Programmable Logical Control, Electronic Sensor are many more

Mycron AirTech

Cyborg Industries

In 2024, established **Cyborg Industries Pvt Ltd** - leading provider of Industrial Automation and Control Solutions. We Specialize in Scada system, Turnkey electrical installations for SPM Machines. We help. industries automate process and Enhance efficiency.

Cyborg (Industries with SPM DIV)

In 2024, established a **Leading SPM Division (DZ Innovations)** in collaboration with Cyborg Industries specifically to cater the automation, SPM and specific process consultancy and

our Journey in Progress...

Who We Are

Cyborg Industries Pvt. Ltd. is a fast-growing industrial automation company in India, offering end-to-end services—from custom control panels and PLC programming to machine retrofits and automation product trading. Known as "Machine Doctors," our experts deliver exceptional support for machine issues and applications.

Why Choose Cyborg?

Trusted System Integration

In-House Testing & Customization

On-Time Delivery, Reliable Supply

Solutions for OEMs, Builders & Users

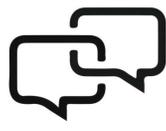

Backed by Decades of Expertise

Core Values:

Engineering Excellence

Transparent Communication

Quality and Safety First

Customer-Centric Solutions

Commitment to Timelines

Mission

To Deliver Intelligent, Safe And Dependable Automation Systems That Enhance Industrial Processes And Customer Outcomes.

Vision

To Emerge As A Leading Automation Powerhouse In India, Known For Technical Excellence, Innovation And On-time Delivery.

Our 4 Strategic Verticals:

Merchandise

Automation Spares, Components And Accessories With Expert Selection, Application And Post-sales Support—your One-stop Source For Reliable, Cost-effective Supplies.

Automation

Design and manufacture of PLC/MCC panels and SCADA systems. We deliver turnkey automation projects with wiring, commissioning and integration—built for safety and speed.

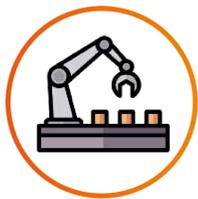

Machine Building

Established in 2024, we design and build smart machines tailored to your needs—driven by 30+ years of expertise and a strong automation team.

MEP

Offers Turnkey Solutions & Engineering Services for factory MEP works, Office Setup & Development of labs starting from Conceptual design, 3D Views, Installation & commissioning

CORE COMPETENCY

Industrial Automation Solutions

Delivering End-to-end Automation Services Tailored For Manufacturing Excellence

SPM Design & Development

Customized Special Purpose Machines for productivity enhancement.

Jigs & Fixtures

Precision-engineered for quality and efficiency.

Control Systems

Expertise in PLC, VFD, and Servo-based control panels for diverse applications

Conveyor Systems and MHE's

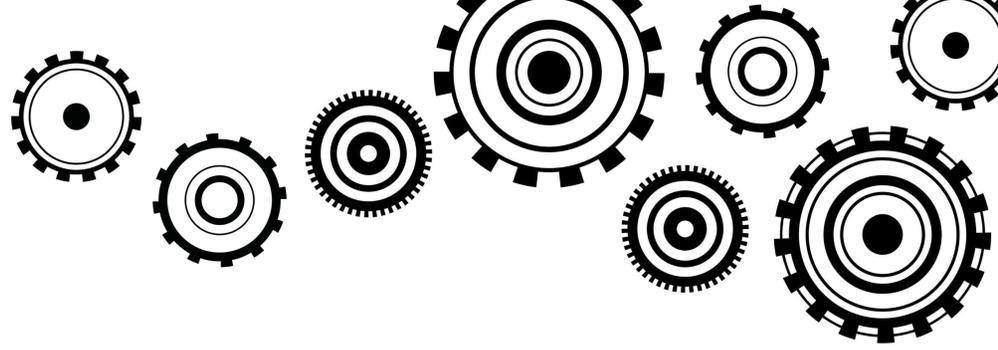

Design, implementation and optimization of automated material handling solutions

Industrial Automation Solutions

Sourcing, supply and seamless integration of industrial automation components

Merchandise

Industrial Automation Components

We Supply And Integrate Complete Automation Systems Tailored To Your Industrial Needs. Our Automation Offerings Include:

Associated Brands:

- ✓ Programmable Logic Controllers (PLC)
- ✓ Human Machine Interfaces (HMI)
- ✓ SCADA Systems & Software Architecture
- ✓ Servo Motors and Servo Drives
- ✓ AC & DC Drives (VFDs)
- ✓ Data Loggers and IoT Gateways
- ✓ Industrial Encoders
- ✓ I/O Modules & Communication Cables
- ✓ Linear Motors & Precision Drive Technology

Automation – Our Core Service Verticals

1. Industrial Automation Solutions

End-to-end Automation Services For Enhanced Efficiency And Control:

- **PLC, HMI & SCADA Programming**
Custom Control Solutions For Precise Operations.
- **Motion & Servo Drive Systems**
High-performance Control For Dynamic Applications.
- **Automation Panels**
Complete Panel Design, Manufacturing And Integration.
- **HMI & GUI Interfaces**
Intuitive Dashboards For Real-time Process Visibility.

2. Panel Retrofitting & Upgradation

Smart upgrades for outdated systems:

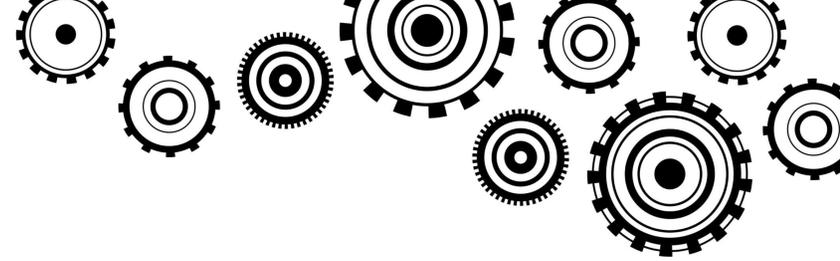

- **Legacy Panel Retrofitting**
Upgrade Outdated Panels With Modern Tech.
- **Wiring & Cable Laying**
Structured Cabling For Enhanced Connectivity.
- **Custom Panel Commissioning**
Bespoke Panels Built For Long-term Use.
- **Energy Saving Solutions**
Power Audits And Cost-saving Strategies.

3. Support & Field Services

Reliable Support To Keep Systems Running:

- **Electrical Panel Maintenance & Troubleshooting**
Quick Troubleshooting To Reduce Downtime.
- **On-Site Installation & Commissioning**
Professional Setup And System Validation.

About Our SPM Capabilities

Cyborg Delivers End-to-end Spm Solutions—from Design And Manufacturing To Automation—customized To Your Process Needs. We Build Precision Machines With Smart Features Like Vision Systems And Tooling For Seamless Production Integration.

Why Choose Cyborg for SPMs?

Fully In-House Teams

100% Custom-Built Solutions

Precision, Quality & Efficiency

Trusted Across Industries

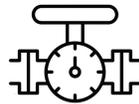

Machine Building Capability Included

Product Leak Testing Machines

Endurance Testing Machines

Air & Fluid Flow Testing Machines

Vision-Based Automation Systems

MHE

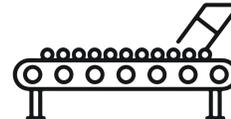

CNC Drilling SPMs

Grinding SPMs

Robotic Welding and Spraying Machines

Conveyor

Assembly SPM

Our Sensor Technology Partners

OMRON

PEPPERL+FUCHS

BALLUFF

KELLER

Autonics

LEM

EUCHNER

More than safety.

SCHMERSAL
THE DNA OF SAFETY

Leuze

Industries We Serve

At Cyborg Industries Private Limited, We Cater To A Wide Range Of Industrial Sectors With Tailored Automation And Control Panel Solutions. Our Deep Domain Expertise, Innovative Approach And Robust Execution Capabilities Empower Us To Serve The Following Industries:

Pharmaceuticals

Foundry & Steel Processing

Textile Industry

Plastic Processing

Power & Energy Sector

Automobile Manufacturing

Water & Wastewater Treatment Plants

General Engineering Industries

Casting & Forging Plants

Rolling Mill Operations

Chemical Processing Units

Oil Extraction & Refining Mills

Industrial Manufacturing Units

Hydraulic & Pneumatic Press Applications

Paper & Pulp Processing Plants

Packaging Machinery & Lines

Food & Beverage Processing Industry

Powder Coating & Surface Treatment Plants

Metal Forming & Fabrication Units

Rubber Moulding & Processing Industry

We Bring Value To Each Of These Sectors Through Advanced Plc Panels, Scada Integration, Hmi Programming And Robust Instrumentation Support—ensuring Efficiency, Reliability And Operational Excellence.
